

Partnering with Society: Cooperation with Local Communities

The Showa Shell Sekiyu Group has many programs that support the local communities where it operates.

Seibu Oil

- Volunteer Festa
- Serving as host families for exchange students
- Summer seminar on energy conservation
- Receiving visitors
- Coastline cleanup programs
- Sponsoring sporting events

Showa Shell

Receiving interns and visitors

Showa Shell has sponsored an internship program since 2001. This allows interns to feel the excitement of working in the petroleum industry and, more specifically, at Showa Shell. By giving them two weeks of actual experience in the working world, this program helps the interns to shape their futures.

Showa Shell

The company provided the fuel for the Eco-Driving Contest held on the Suzuka Circuit.
